It's A Punderful Life: A Fun Collection Of Puns And Wordplay

Synopsis

Hot off the back of her incredibly popular Monday Punday online series, Gemma Correll has surveyed her army of punning fans to create this hilarious collection of her best illustrated puns, as well as lots of new ones. Over the following pages you will see grin-inducing puns such as WontonÃ¢â¬ËCruelty featuring sadistic dim sum, or rotten eggs hurling abuse at each other. The sweet tooth has brought you some flowers and the seal of approval is very pleased to meet you. With over 50 puns, this book will bring a smile to even the most miserable personÃ¢â¬Ës face.

Customer Reviews

This book is small coffee-table book, but it is EXCELLENT. I gave this as a gift and they have told me how it brings so much laughter into their household, especially when they share with guests. The pictures are hilarious and we love puns. I would definitely recommend this and I wish there was another set of puns we could get!

The book is really, really short and has a lot less content than I thought it would for something of its price. It was entertaining -- especially after my friend and I realized it was written in British English, and we are American. Took a bit to get some of the puns.

I bought this as a gift for my sister, who loves puns and was an English major in college. A few of the puns are a bit "rude", so not necessarily a book for children, despite the cartoon-y look. It's quite a short book, so definitely seemed a bit overpriced at \$8 for how many pages it has.

This book is cute, but not what I expected. It is mostly made up of using common phrases and then the picture itself is a pun on the phrase. Got it as a gift, quite a few of the images make me smile. But it's not much use if you plan on using it to come up with new puns.

Pictures are clever, and the puns will make you laugh. The package arrived very quickly. Definitely recommend this product. It will make you smile!

Great item. Great seller. Item came as promised. Thanks!

It's a small book, but it's good.

Got it as a gift for my punny brother and he loved it!
