# The Best Book Of Puns

## Synopsis

As Oscar Levant said many years ago, "A pun is the lowest form of wit, especially if you didn't think of it first." In this lively collection you'll find a hilarious abundance of pun-ishment for the millions who can't resist giving a word or phrase a twist... and ammunition for many occasions from movie, TV and theatre wags; from the wits of Wall Street and Washington... the gems from poets and pundits and some of the bottom-of-the-barrel crumbs! Golf is like taxes. You drive hard to get to the green and wind up in the hole. A monastery in financial trouble decided to go into the fish-and-chips industry to raise revenues. One night a customer knocked on the door and a monk answered. "Are you the fishfriar?" the customer asked. "No," the robed figurereplied, "I'm the chipmonk." The book also contains a PUNdix, a PUNabridged dictionary and a collection of the best... and worst... jokes in the world!

## Book Information

## Customer Reviews

I got this as a gift for my boyfriend who LOVES puns. I haven't given it to him yet but after reading through some of the pages I can say that it was a lot funnier than I expected (and I'm not the biggest pun fan sooo yeah!)

Got this book as a present for my boyfriend's 80-year-old dad. He loves it! He's quite the pun-master himself, and I think he enjoyed that he could open to any page and find a great one. Highly recommend.

Some puns turn you off. No pun in ten did!

I loved this book and shared its many hilarious puns with my husband until it mysteriously came up missing.

I bought this as fun gift for my literature teacher and he loved it! Great for anyone who can pun without even thinking about it (like him). The perfect gift for a punner of any age

I was punished with great puns. Book was in great shape for all the useage it's had. I like to keep the puns alive so the future may continue to groan in punny jokes.

Lots of good puns. Moaners and Groaners and Pun-ch lines are good chapters. The Pun-Abridged dictionary is unique. Good price and more pages than other pun books.

Not as funny as I expected. I love puns but you can find better stuff for free on pun websites.
