I gave this as a gift for my elderly mother ,who loves to do crosswords. She could not do them . My sister tried them(and she is a college graduate) and said they are by no means easy

These are NOT easy Monday crosswords!!! I've worked my way up to some semi-difficult (still nowhere near the New York Times) puzzles but can't work these. Some of the clues can't be understood even after you know the answer! And there are at least a couple of these in almost every puzzle. There are also a lot of geography clues - tiny rivers in countries you might have heard of in geography class, but not since. If you like puzzles with very arcane clues, this book is for you!

No way should this book be title "easy" or "monday" puzzle level. I bought this to get my senior citizen husband into crosswords, but it was a turn off, not a turn on. Too many references to movies, movie stars and TV programs and actors that most seniors don't know. I've been doing crossword puzzles for decades and there were too many puzzles I couldn't finish.

I ordered this for my Mom for Christmas, she loved it, and the large print really helped her. My Mom passed away on Jan 16th, and we put all her puzzle books in the lobby of her apartment building for the other people do to puzzles in honor of her.

This is the second Easy Monday Crosswords, I have purchased. I am not at all pleased with it. Many of the puzzle clues are about sports, movies, movie stars, etc., making it very difficult for me to solve. I don't like having to look up 8 to 10 answers to proceed with the puzzle. I am not at all pleased with this edition. The first Easy Monday Crosswords book was wonderful, and I loved it. I was looking forward to solving the second book of puzzles, but this one is more work than pleasure. I will not purchase another of these Peter Gordon books.

The spiral binding is wonderful for all but especially for my 91 yr. old mom. It's much easier for her to see and work with.

It is easy to read which is a MUST for me. The puzzles are good for thinking but not so hard I get discouraged. All in all a good book for me.

this was a gift for an elderly relative --- the spiral binding makes it really easy to use and the large print makes it even easier to read. it was a great choice for someone who likes to work puzzles, but you don't quite know what gift to give!
