Confederate Cabinet Departments And Secretaries

Synopsis

Thousands of books have been written covering every aspect of the Civil War. Yet scant attention has been given to the civilian government of the Confederacy. The most recent book on the subject was published in 1944, and what little has been written since is scattered among various journals and magazines. Drawing on scholarship old and new, this book provides a detailed overview of each of the Confederacy's six executive departments, along with biographical sketches of each man who held a position in Jefferson Davis's cabinet, from Secretary of State to Postmaster General.

Book Information

Paperback: 296 pages

Publisher: McFarland (April 25, 2016)

Language: English

Customer Reviews

What a great read! Not the typical "history" book I thought it would be. Well written and didn't lean one way or the other.
