Social Work Malpractice And Liability: Strategies For Prevention

Synopsis

Long regarded as the standard text for classroom use and an invaluable reference for agency administrators, social work supervisors, line clinicians, and private practitioners, *Social Work Malpractice and Liability* has now been updated to include new material on the revised Nasw Code of Ethics, recent court decisions related to social work malpractice and liability, boundary issues and dual relationships, and how social workers can conduct an "ethics audit" in the workplace.

Love! Love! Love! Love this book! I find this book very valuable for my field. This book helps with malpractice and liability as you can tell in the title. A couple of scenarios are given in the book and it's up to you how to navigate around the situation. In my field, we use our code of ethics to help guide us through the scenarios which can be challenging. This is good reading for school before clinical practice!

Awesome for my social work classes! Brand new and at a great price! Shipped quickly too! I would highly recommend this book.

Dr Frederick Reamer is so knowledgeable and full of experience. A must read.
