## Customer Reviews

this book was loaned to me and i had such trouble remembering the title although i remembered the story and characters and the way it made me feel.. then i was looking through an old journal and the title popped up and i was elated. decided i needed to read it again. beautiful. a different premise and an all- too human protagonist. treat yourself to this story.

A mericle of Rare Design is a perfect description of alien life from the Inside,and Mr. Resnick is a favorite author of mine for this reason
