Customer Reviews

Great companion to the new and updated Paralegal Review Manual. Without it an examinee would be at an disadvantage. It is worth the cost.

VERY helpful. used it in combination with an app to study. The questions and format were directly mirrored to the actual test.

This book is perfect since it's better to carry around. Needed this new edition since I have to retest for the exam, but I'm happy it's way smaller than the last edition.

Book is in excellent condition - brand new. You should definitely purchase if you will take the NALA CLA exam as it provides mock exams and preps you for the type of questions that will be on the exam giving you an upper hand which allows you to not be so anxious.

This booklet was great in helping prepare for the CP exam, I knew exactly what to expect for the real exam. My one complaint is that it did not have a review of each topic before the mock exam to refresh your memory like my other test prep book but I still highly recommend it if you are taking the CP exam

This is an excellent study guide.

In May I will be taking the NALA CP Exam. It arrived on time and it's brand new. The guide itself seems pretty thorough.

The CP Study Guide is most helpful in preparing for the examination. I have not thoroughly gotten to all of the material since I am using it in conjunction with the Review Manual as well.
