Customer Reviews

Very nice book. Covering some things from horseplayer series. I'm waiting on part two to arrive in mail. I read kindle edition of part 1 and I thought the pps were readable on my iPad Air. So no complaints from me. Plus I heard kindle is coming out with a bigger screen so hopefully YHE publisher will put horseplayer picking long shots in the kindle store too

Worth the 99 cents but no more.

Provides a good foundation on the subject.
