Pocket Guide To Legal Research

Synopsis

The Pocket Guide to Legal Research is a comprehensive desk reference for use by paralegal students, practicing paralegals, legal assistants, and attorneys. The format allows the user to quickly obtain the answer to many commonly encountered research questions concerning case, statutory, secondary authority, Internet research, and legal citation. A glossary of relevant legal research terms is included, along with three appendices covering court opinion, elements of statute, and a research source chart. Written in a non-technical manner, this book is an appropriate resource for learners at all levels.

Customer Reviews

This book is EXCELLENT! I found this book to be an essential tool while completing my legal research and writing course. Had it not been for the detailed examples in this book I would have not done as well in my coursework. I highly recommend this book for those considering careers in the legal professions. This is a keepsake item for years to come.

This book is critical in my legal research class. Anyone who is taking a legal studies class or a legal research class will find this book to be extremely helpful. I recommend this book 100%.

As a paralegal in training, I found this book to be extremely helpful. It far exceeds the others I have seen.

This product is great if you are entering the legal profession, equipped with legal terms, introductory formats, and much more writing skills are included as well. Definitely a guide to help you in the introduction of legal research. It helped me tremendously. Again, this is only if you have 'NO' legal background information and are trying to seek out a book that will help you become more familiar with legal formats, terms and definitions.

This book is a lifesaver. I am working on my Paralegal degree and couldn't survive without this to help me along.

The amount of information included in this pocket guide is great. It covers so many things and is very useful and helpful. A must for any student enrolled in some type of legal degree.

Amazing in the ease of understanding the correct ways to research and use that research in legal writing. Again this is a perfect pair for any law student.

Perfect book for Legal Research. Explains how to research cases and a perfect guide at writing a perfect paper with perfectly cited cases. A must have!
