Torts And Personal Injury Law

Synopsis

Taking a case approach, this proven book provides an accessible overview of tort law for paralegals who work on personal injury matters. Hypothetical scenarios in every chapter demonstrate how abstract tort law pertains to real life accidents and injuries. In addition, over 75 annotated cases featuring hot button issues give readers an opportunity to apply key concepts to the types of cases they will encounter on the job. Built-in learning aids include problems, projects, a running glossary of legal terms, outlines, chapter summaries, and review questions. Now fully updated throughout, the Fifth Edition includes a new chapter on negligence, new content, and new chapter-opening features titled ""The Biggest Mistakes Paralegals Make and How to Avoid Them."" Each of these unique vignettes illustrates a dilemma, an ethical lapse, or another unfortunate experience that actually happened. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Customer Reviews

Splitting negligence into two chapters is brilliant for easier comprehension of a difficult topic, yet the book is compact at only 14 chapters. New cases are the most recent of any torts text, newsworthy and offer excellent examples of specific tort actions. The "Biggest Mistakes" feature in each chapter

are amusing and illustrative of how to employ best practices in the workplace. The book's web site is a rich source of extras for those who want even more.

This book is a great introduction to the understanding of torts. I've had to use this book for a paralegal program and found its contents extremely relatable to actual work experiences.

The information this book provided was very informative. I would refer this book to any student and instructor to use for their legal tort class

Breaks down tort law in the easiest way possible. A good read. Not too long, not too short. I found myself actually wanting more book!

A thorough guide to torts and not a single mark or smudge in the book.

Item did arrive and I was able to use it for the class. :)

The book was in perfect condition when I received it.
