Customer Reviews

Its written in a really good and clear language. It gives you a good idea of about almost everything in insurance law in the US. However, It is filled with cases from all the states that are not really useful.

A solid book that delves a little into a little bit of everything related to insurance law. Good notes section and basic coverage questions. They even include sample policies.

I mean, what else can one say about a law book??? It teaches you what you need to know. Enough said.

good condition
