North With Doc - Volume Two

Synopsis

Doc and the boys from Iowa are heading North for their annual fishing trip to Canada. After dozens of fly-in adventures in Northwest Ontario, and countless walleyes and northern pike boated, their unlikely escapades are as much about friendship as fishing. Doc supplies a bait bucket of laughs while offering his sage advice to help the guys deal with life's inevitable obstacles. If you've ever spent time with a rod and a reel, you'll recognize yourself and your friends in these refreshed versions of the popular In-Fisherman magazine feature that first appeared in 1989. Perfect for enjoying in the living room, the bedroom or the throne room, here are episodes 26 through 50 as Doc and his best buddies are having the times of their lives.

Customer Reviews

I have followed the Doc series in Infisherman mag. Now I have found his books on fire. Plan to eventually read them all. Great reading..

Although I read these in In-Fisherman magazine years ago, they were just as great this time around. I will definitely order the rest of the series.

Very funny book enjoyed every page. Been reading his articles for years in In-fisherman magazine bought all five volumes and can't put down.

Reading volume two now. Most I have read before in In Fisherman magazine, but laughing out loud again and again.
