Customer Reviews

This is a great book. It has many interesting strategies in it and the experts advice comes from some of the biggest names in the Craps world. This book will help you become a better player. I suggest you try these strategies at home or online before going...some are better than others and as Sam Grafstien used to say in so many words...every system will work on a given day...but you have to try them. John. Everything Craps Strategy Book: Win Big Every Time! (Everything: Sports and Hobbies)

i read this book twice cover to cover and went to the casino. in my first time playing i won 1600 dollar in a matter of 20 minutes off of \$120. when i was their, i kept on seeing the mistakes other players was making and i syayed away from making bad bets.

I've read a few books on craps and this one by far is one of the best. Great for beginners because the author breaks down the fundamentals of craps. Good book for the seasoned player as a refresher.

Gooder info
