Chimes At Midnight: Orson Welles, Director (Rutgers Films In Print)

Synopsis

Among the films inspired by Orson Welles's lifelong involvement with Shakespeare, the greatest is "Chimes at Midnight" (1966). It is a masterly conflation of the Shakespearean history plays that feature Falstaff, the great comic figure played by Welles himself in the film. For Welles, the character was also potentially tragic: the doomed friendship between Falstaff and Prince Hal becomes an image of the end of an age. To this epic subject Welles brings the innovative film techniques that made him famous in "Citizen Kane," "The Lady from Shanghai," and "Touch of Evil." This volume offers a complete continuity script of "Chimes at Midnight," including its famous battle sequence. Each shot is described in detail and is keyed to the original Shakesperian sources, thus making the volume an invaluable guide to Welles as an adaptor and creator of texts. The first complete transcription of the continuity script of "Chimes" is accompanied by the editor's critical introduction on Welles's transformation of Shakespeare; a special interview with Keith Baxter, one of the film's principal actors, which discusses its production history; reviews and articles; and a biographical sketch of Welles, a filmography, and a bibliography.

Book Information

Customer Reviews

this has remained my favorite movie ever since seeing in in 1969 in London. The dialog is so rich

that I wanted this book for that alone. Interviews and essays only make it better

A great tool for better understanding the film.
