Examples & Explanations: Constitutional Law: Individual Rights, Sixth Edition

Synopsis

A favorite among successful students, and often recommended by professors, the unique Examples & Explanations series gives you extremely clear introductions to concepts followed by realistic examples that mirror those presented in the classroom throughout the semester. Use at the beginning and midway through the semester to deepen your understanding through clear explanations, corresponding hypothetical fact patterns, and analysis. Then use to study for finals by reviewing the hypotheticals as well as the structure and reasoning behind the accompanying analysis. Designed to complement your casebook, the trusted Examples & Explanations titles get right to the point in a conversational, often humorous style that helps you learn the material each step of the way and prepare for the exam at the end of the course. The unique, time-tested Examples & Explanations series is invaluable to teach yourself the subject from the first day of class until your last review before the final. Each guide helps you learn new material by working through chapters that explain each topic in simple language challenges your understanding with hypotheticals similar to those presented in class provides valuable opportunity to study for the final by reviewing the hypotheticals as well as the structure and reasoning behind the corresponding analysis quickly gets to the point in conversational style laced with humor remains a favorite among law school students is often recommended by professors who encourage the use of study guides works with ALL the major casebooks, suits any class on a given topic provides an alternative perspective to help you understand your casebook and in-class lectures

Customer Reviews

I'm a fan of the E&E series, but this one is more like a hornbook than an E&E. The authors spend a fair amount of time discussing the historical contexts of the various legal principles and they include a lot of commentary and observations, stuff that usually doesn't get extensively tested on finals, if at all. Those are well and good and probably instructive if I were reading it to learn Constitutional Law from scratch, but they're not helpful as a study aid for finals. Also, many of the examples & explanations in the book do not lend themselves very well to self-assessment. The "explanations" read more like extensive instructive material than essay-like analysis.

Good to use for its examples. I usually use this series and while it may not work for every class it certainly helped me for this one. Although I didn't like that they split the class into two books, seemed like a waste of money to me. Would much rather have it as one book.

Pretty decent for most of it. Like someone else said, it is less formal than other E&E's which means it takes longer to get what you want out of it. It is probably impossible to avoid this in Con Law though. The author's liberal shines through (he starts saying the law is "clearly" like this, or simply incorrect, etc.) a bit hard in the Substantive Due Process part which gets a bit annoying.

Oops, please see my review of the E&E Admin law. Same goes for this text. Well written, excellent review of fundamental rights, due process, etc... Still reading it!

Letters are cut off on the left margins of all of the front matter. This is an e-book, not a xerox, a ditto, or a dagueerreotype. Inexcusably bad quality.
