Customer Reviews

The book is easy to follow for my course which ends May 2014. It provided an overview of how to apply for law school, what to expect, what each future law student should expect and how lawyers are gatekeepers.

Purchased this book for a class and have learned a great deal about the judicial process. I considered myself educated in the topic with the help of this book.

I very great learning book for those going into some kind of form of law. But it is just too expensive to buy a copy.

I needed this book on short notice and my college book store wanted twice what I paid on here Very

happy
