Hair Trix For Cool Chix: The Real Girl's Guide To Great Hair

Synopsis

The second installment in the Cool Chix series, *Hair Trix for Cool Chix* is a fun, hip guide to haircare and hairstyles for today's trend-conscious tween. This friendly book features more than 30 step-by-step projects to help tweens and teens create cool hairstyles for all lengths and textures of hair. Girls start by taking a short quiz to figure out what kind of style they are looking for—basic styles like ponytails and twists; slightly more complicated styles still right for daytime; or special-occasion styles like updos and glam waves. They can then take the quiz again the next day to find a whole new look! Sections like "Hairology 101," "Get Salon Savvy," and "Hair 911" offer loads of hair-related information, from tips on caring for various hair types to simple explanations of haircare products and appliances, to solutions for hair emergencies like greasy roots and static electricity. There are even recipes for mixing up at-home hair treats and step-by-step projects for making cool hair accessories. This one-stop guide will give tweens and teens everything they need for a hip, healthy head of hair!

Customer Reviews

Oh my gosh this is the best hair book in the world!!! I could never do anything with my hair because it is wavy and frizzy. But this book has plenty of styles formulated for my hair type. I highly recommend this book!

I found this book unhelpful and slightly obnoxious. The author gives us a quiz to find out our hair type, but the "hair types" she offers are extremely strange, and most girls can't relate to them! She encourages the use of straightening irons and curling irons, although it is well known these are extremely damaging to hair. Her hairstyles are acceptable, yet I found them slightly unrealistic for normal everyday girls. Don't waste your time or money on this book!

I loved the book. Actually I purchased this book for the 9 year old daughter to give her ideas to fix her hair. She really got into the book and the instructions were easy enough for her to follow. Also the pictures helped her along. Now she is trying new hair styles on her own. So the book was a definite hit. The only problem I had was with the service. It took almost a month for us to receive this item. I ordered things on the same day or close to it and received those items in about a week - two at the most. This item took forever. I was never sent anything stating it was being sent or the tracking. When I looked into the reason - I was told that it's still within the allotted time. So although I did receive it - and loved it - the only reason it's getting 4 stars and not 5 is because of the delay in shipping.

This book has a lot of cute ideas for girls and Mom's too.
