Customer Reviews

Nick Chavez, is an actual Stylist who owns his on salon in Beverly Hills, whom I discovered through QVC. His products are excellent and so is his book. He has done an excellent job. His book is beautifully illustrated, and his tips and directions on how to syle and take care of your hair are easy to follow. He sincerely cares about a woman's hair and how she treats it. Nick covers every hair texture, which many books do not. One added bonus for those of us who are followers of Nick, he includes a wonderful little bio about how he got started, his relationship with QVC, and his family (wonderful picture of his beautiful family). Buy the book, his tips do work, and buy his products!

The book itself was great and very helpful. But what I wanted was a book that told me about all of his products and how to use them.

This book is worth the small price. I learned several little tricks that made an immediate difference in the way my hair looked. My husband even noticed.

i really do like nick chavez's book. it is really informative. i can wait to read this as soon as i can!
