I Die With My Country: Perspectives On The Paraguayan War, 1864-1870 (Studies In War, Society, And The Militar)

Synopsis

The Paraguayan War (1864â “70) was the most extensive and profound interstate war ever fought in South America. It directly involved the four countries of Brazil, Argentina, Uruguay, and Paraguay and took the lives of hundreds of thousands, combatants and noncombatants alike. While the war still stirs emotions on the southern continent, until today few scholars from outside the region have taken on the daunting task of analyzing the conflict. In this compilation of ten essays, historians from Canada, the United States, Germany, Argentina, Brazil, and Uruguay address its many tragic complexities. Each scholar examines a particular facet of the war, including military mobilization, home-front activities, the warâ™s effects on political culture, war photography, draft resistance, race issues, state formation, and the role of women in the war. The editorsâ™ introduction provides a balance to the many perspectives collected here while simultaneously integrating them into a comprehensible whole, thus making the book a compelling read for social historians and military buffs alike.

Whigham and Kraay have added immeasurably to the body of literature in English by assembling and editing a series of papers on a wide variety of topics related to the war, ranging from the role of women in Paraguay to free blacks in the Brazilian army to letters
