Prenuptial Agreements : How To Write A Fair And Lasting Contract. (All Forms On CD-Rom)

Synopsis

Everything you need to enter your marriage with eyes wide open. Marriage is one of the few personal contracts in which your state dictates the terms -- unless you create your own customized premarital agreement. Combining Nolo's legal expertise and plain-English writing, Prenuptial Agreements makes a potentially touchy subject easy to deal with while explaining how to create a valid contract. The book covers whether a prenup is right for your relationship, how to decide what a prenup should include, how to assemble a draft agreement, how to turn your draft into a contract and tips on negotiating and communicating. Prenuptial Agreements provides worksheets as tear-outs and on CD-ROM, as well as clauses for preparing an agreement that suits your needs. The 2nd edition is updated with the latest laws of your state.

Book Information

Paperback: 320 pages

Publisher: Nolo; 2nd edition (January 12, 2006)

Language: English

ISBN-10: 141330396X

ISBN-13: 978-1413303964

Product Dimensions: 8.5 x 1 x 11 inches

Shipping Weight: 1 pounds

Customer Reviews

My husband and I used this book and CD set to help us write our pre-nup before we married. The information was very helpful to us, and made the process much easier. Pre-nups are especially valuable if one of you has significantly more assets (or debts) than the other, if one is self-employed and the other is not, or if there are other special circumstances that make the default laws of your state apply in an unfair way if you did not have a pre-nup. But those kinds of circumstances can also make a one-size-fits-all prenup less appropriate for you unless you adapt it a lot. Whatever you do, it is crucial that you read the relevant portions of your state's laws very carefully, because even a lawyer can miss important details buried in the legal jargon. You can find all the state laws online through any search engine. For Californians, the MUST_READ sections include Family Code

sections 1610-1617, and especially pay attention to 1615(c)3. Also look at Family Code sections 910-916. These were ones most relevant to us, but there may be others that you need to know about, for example, if you have other dependents to consider. We adapted and added to the passages in the Nolo book and CD as needed for our own circumstances, but we were lucky enough to have an expert paralegal in the family who helped us find the right legal code sections and who proofread for us to make sure our intent and our language was clear. We would still recommend you run your completed draft by someone with some expertise who has done prenups recently and who doesn't ignore your background work and try to do the whole thing from scratch at your expense.
