Rambles With The Switcher An Opening In The Game Of Checkers (Classic Reprint)

Synopsis

There are three classes of checker players: the knownothings, the knowalls, and the doubters. Another way to name these classes is to call them novices, cracker barrel champions, and experts. The reason for believing that experts may be not improperly called doubters is that they are accustomed to finding old proof upset by new proof. They are eternally searching for holes in proof. There is, of course, some absolute finality in every position of the pieces the board can show; but the secrets of the mystic squares are guarded by seductive forms of delusion and hallucination. Perhaps it is on this account that the obnoxious pronoun, I, is commonly used in checker diction not as a sign of selfsufficiency but of humbleness. (Typographical errors above are due to OCR software and don't occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books' Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org

Book Information

Paperback: 80 pages

Publisher: Forgotten Books (May 26, 2012)

Language: English

ASIN: B00874FFBK

Product Dimensions: 6 x 0.2 x 9 inches

Shipping Weight: 6.1 ounces (View shipping rates and policies)
