Customer Reviews

Quick and easy to read.

It's a good book. I'd recommend it to anyone who wants to know how to improve his game. There are a few mistakes though, and sometimes it felt a little vague and it could have been explained better.

Having won a couple of Texas Hold'em tournaments I can safely say I would have won a lot more had I had this very concise look at winning...and not only hold'em but video and online and many other varieties. This is a GREAT little poker book. The tables are well worth ten times the price.
