Springboard Roulette - A Flat Betting Strategy. (TeamRoulette Series Book 5)

Synopsis

Spring into success with roulette! Springboard is a roulette system which offers players the opportunity to quickly maximize betting opportunities for a fast hit and run profit. The Springboard roulette strategy is: * Easy to learn. * Low risk. * Consistent with good steady returns. * A flat-bet strategy - no expensive progressions. Springboard roulette can be played on any wheel - single zero and double zero, rapid roulette, touch screen roulette and online on broadcasts from live casinos. * Wins consistently. * Wins FAST. * Gives you that winning feeling. * Makes winning at roulette easy. -The Springboard concept Team Roulette has found a way to make use of repeating numbers to increase the chances of winning by a staggering 13.2%. Doesn't sound much, but if you won an extra 13 times every hundred spins, wouldn't that make a difference! That is not 13 wins per hundred but 13 extra! wins on top of your normal expectation. Springboard roulette strategy works on either single zero or double zero roulette wheels, and is not dealer dependant. Whether the dealer spins the wheel fast or slow, flicks the ball hard or soft, this system will help you become a more frequent winner. Key points * Buy in at you own level. * Flat bets. * Plenty of time to get your bets on as you will be prepared in advance. * No rush, pushing or shoving to get your bets on. * Bets can be placed before or after the dealer has spun the ball. * No problem if there is a dealer change during a session. * No copious note taking. * Clear, easy to follow instructions. Testimonial. "I can thoroughly recommend that if you are thinking of getting some action at the casino then get a hold of this system. It will make a huge difference to your game." I have been playing roulette for quite a few years now and have had my share of wins. And yes, I have had my share of losses. I have tried betting reds and blacks, highs and lows, odds and evens, dozens and columns, but enjoy the thrill of getting a 35-1 payout on straight up numbers the best. I never knew how to take advantage real advantage of the game and so won and lost and won and lost. Then I came across this 'Springboard Roulette Strategy' method of play. It has revolutionised my gaming. Man, I am a happy chappy...I can thoroughly recommend that if you are thinking of getting some action at the casino then get a hold of this system. It will make a huge difference to your game. -Johannes

Customer Reviews

The concept is pretty easy to pick up but seems a bit far fetched sometimes. However, it makes enough sense to give a try. The author steps you through pretty well and even does a decent job of not highlighting only the times the system worked.
