Best Sellers Rank: #1,501,265 in Books (See Top 100 in Books) #45 in [Books > Humor & Entertainment > Puzzles & Games > Gambling > Roulette](#)

Customer Reviews

if you can spell "casino" you are much too advanced to waste time reading this. the author is apparently targeting the most uninitiated of casino visitors; however, it is difficult to imagine, with the proliferation of legalized gaming in this country, that any reader could be this wanting. all information in this book is readily accessible in any legalized gambling establishment free of charge and this author must certainly be aware of this fact. spend the \$10 on a buffet when you get to Vegas!

I love to watch the poker shows on tv. But I was very unclear as to what and why the players were doing. Just in reading part of one chapter I understand atleast what they were talking about. Big Blind, the button, and so on I am not planning on playing "Professional" poker or spend my money

at a casino any time soon. But this book shows you how to not be stupid. If you are a "pro" you are not going to be interested in this book.

Only a couple of pages devoted to slots. Disappointed

An interesting read. I feel like going to Las Vegas.
