California Contractor's DESKTOP GENERAL COUNSEL What You Need To Know About California Construction Law

Synopsis

Desktop General Counsel is a reference for contractors that explains the basics of construction law, the legal terms and concepts, and how they apply to you, the contractor. If you have a basic understanding of how the law works and how the courts have applied the rules, and what the rules are in the first place, you are better able to anticipate legal pitfalls and either avoid them or mitigate the problems when they become unavoidable. If you can avoid legal issues, you can avoid legal costs- and they are a cost. DESKTOP GENERAL COUNSEL provides suggestions, explanations, and advice that can steer your company away from legal problems, or at least get you prepared to navigate through them until you get an attorney on board. And of course, you will be able to speak pidgin legalese that will help when you talk to your attorney.
