Customer Reviews

I purchase the puzzle books in large print for my mother. She loves these and though her eye sight is very poor she can actually work these puzzles - I wish new ones would come out more often!

This Book is 2 in 1. After you complete the word search, there is also a riddle to complete. They were FUNNY and ENTERTAINING. Note that the words are on one side and the puzzle on the other. I purchased this for my senior mother and everyone (6 y.o. to 65 y.o.) enjoyed working on this puzzle. Originally, I was looking for LARGE print and not only did this fit the bill, it gave an added bonus. I think the teenager loved it more than anyone (well, except my Mom). I was impressed with the detailed work that the author - Mark Danna put into this puzzle book. You CAN not FIND this at ANY dollar store. THIS PUZZLE WAS A COMPLETE SUCCESS. BUY AT LEAST TWO BECAUSE ONE WILL NOT ENOUGH, SHARE!!! Great gift idea.

My 95 year old mother is addicted to word searches, but now needs them to be LARGE PRINT. This one has great variety of shapes and subjects. She likes it so much that she is rationing the pages to make them last. She fills in with others that are not as fun.

I'm buying this as a gift for my mom because she enjoys doing Wordsearch puzzles. She doesn't have the best eyesight so I've been buying large print versions of these books. I decided to try this one by Mark Danna, but when they say Large Print, they really mean it! The font used is huge! That wouldn't be that big of a problem if the words were hidden better, but if you just barely glance at the puzzle you'll probably notice at least 3 or 4 words written plain as day. The puzzles should be much more challenging than that. As another reviewer states, just because one's eyesight may have faltered does not mean their mental capacity has as well. Another thing I don't like about the book is the odd shapes the puzzles are in. It's just distracting and gimmicky. The book itself is well-made. It's spiral bound and uses bright thick quality paper. I just wish the puzzles inside were more fulfilling. I really should have looked more closely at the 'Look Inside' preview to see just how large and easy these puzzles are. I plan to give the book to my mom for her Birthday tomorrow. I'm disappointed in it, but maybe she might just like it. I'll update this review once I find out. Update: I just thought I'd update and say my mom didn't dislike the book (or didn't tell me so) but we definitely both agree that the wordsearch was too easy. I think she enjoyed finding out the answers to the riddles after completing the wordsearch more than the wordsearch itself. I recently got her The Everything Large-Print Word Search Book: 150 easy-to-read puzzles (Everything Series) and I can tell she likes it much more. It has a nice variety of puzzles, and they're the right size and level of challenge. It's a good value, and there are several in the Everything Series to choose from

Did not realize it would be so heavy. I bought as a gift for my 90 year old mother-in-law for Christmas but she will have to use it at her desk or on a table as it is not suitable for hand holding for the elderly. I did like the way it was laid out and with spiral binding

I bought this for my Mom who is 77 for Christmas and she loves it...It is the spiral bound and easy to read large print.

I bought several of these for my mom for Christmas and when they came, I couldn't wait. I gave them to her today and she was so excited to get them. She won't need her glasses, which at age 81 she claims she doesn't need, and can see everything fine. The spiral binding makes it so easy for her to work on one puzzle at a time as well. A total winner with her and that makes them a total winner for me! Very pleased.

I was under the impression that these books were designed for the elderly, and that's also what you'll find in the introduction; however, look at the fine print and you'll see that these are children's puzzles. While they are too easy in general, there are some challenging words and each puzzle has a hidden message (and those can be a bit of a challenge).
