Customer Reviews

It is a great book for anyone interested in knowing behind the scene power intrigues in Nigerian politics. It is also surprising to know that foreign oil companies exercise tremendous influence in Nigerian politics. Nigerian politicians should be ashamed of all that is revealed in this book. Kudos to the author.

This a great document from the inside on the workings of a Nigerian government. It provides details that can serve as a yardstick in comparing the level of understanding and capacity of coming administrations to addressing the Nigeria problems. I recommend the book fully!

This is a great book that provides a great never seen before inside look into the workings of the Nigerian government. I enjoyed it, and you will too.
