I love this book. I like the black paper as it makes the colors really pop. She always has amazing books that are well worth the money. I will continue to order her books! I have all of them thus far.

My daughter brought attention to me about the books. She loved coloring books and I even had to get her the kids ones until she asked for these. Once we got them we were looking through them

and every page was funny. She said the gel pen colors did not bleed through to the back of the pages because they are heavy-duty. If you don't care for curse words, don't buy it. If you have a good sense of humor, you'll enjoy it. It relieves my daughters stress I find. The black background makes it easier to see the lines and I actually bought one for me. I've had a botched cataract surgery and lost sight in one eye and sort of hazy in the other eye, so I thought it would be great for me. Nope... Unfortunately I couldn't see the lines. No fault of the book though, if you have a knack for matching colors, you will have a book full of beautiful colors. If I could see, I'd have my nose in those NJ poke everyday. Don't hesitate to buy this

CUTE CUTE CUTE . Love coloring naughty words and candies and cupcakes. I can color a page fairly quick which I like. I don't like spending 4 hours on one page because its to small and tedious. Very nice book a Must have

I just got this book a day earlier than scheduled. Thank you for that service and one reason you got two stars. BUT very disappointed...there are letters cut off every single page and I believe some of the artwork also. Basically I feel I got half of a book and paid for a full one. Not sure if I would chance it and order from this author again.

Love Edwina's books they are unique and fun!! Especially love the black edition because it helps the colors POP off the page!!! If you like sweets and swearing this is definitely the book for you!!! LOTS of fun to color and get creative!!

A little disappointed, I thought the black background would be great, but it shows all my mistakes like they're on display for all the world to see. I did vocalize a few words from this book while coloring, which I learned some new ones. Great quality paper and designs! Maybe use something different than gel pens.

Length: 3:26 Mins

I love adult coloring books. I love to cuss and I'm junk food junkie so this book is beyond perfect for me. The words and pictures are very clear and easy to color with gel pens or colored pencils. Overall a great buy.

The only thing I would change is the type of paper they use inside the book. When using markers they bleed. But it does combine two of my favorite things, swear words and cupcakes, and that makes up for it.
