51 Dirty Tricks Bad Guys Really Hate: Sneaky Tactics Used By Police, Private Investigators And Bounty Hunters

Synopsis

This is a collection of dirty tricks used to catch criminals, cheats and fraudsters. Some tricks are completely unethical but, many can be used ethically, however any criminal would consider them unfair because they are sneaky and effective beyond what an investigator might use on a day-to-day basis to catch a criminal including...How a dirty cop can beat the daylights out of a completely compliant subject, on video, and get away with it every time!The Dirty Trick I wish I had learned YEARS ago! (This alone is worth the price of the book many times over.)The social media Dirty Trick Al-Qaeda used to blow up 4 Top Secret U.S. helicopters!The "How Much Do They Drink" • Dirty Trick.WARNING: Don't even think about using any of the Dirty Tricks in the "Off Limits" • chapter!The one Dirty Trick thieves hate even more than getting caught!Real-World Case Studies.The "Freakishly Effective" • Dirty Trick to catch underage drinkers in a bar. (This is one I almost didn't include!)REVEALED: The Dirty Trick that saved me from a beating.The Dirty Trick cops use to shut down a Private Investigator's surveillance in 30 seconds or less. (Don't conduct another surveillance until you learn this one!)A cute little Dirty Trick to drive a stalker crazy. (I've used this one pro-actively for years!)One sneaky way to discover who installed a hidden cam.Bonus Tips!Section on Little Known Sources of Info (If you're a real-world P.I. you better learn these!)The best time of day to use "The Last Place You Look Dirty Trick" •.The "Particularly Devastating" • trick to catch a liar. (That's what the U.S Government said in a previously classified report!)The Post Card Dirty Trick. (This is so powerful it's one of my all-time favorites!)And Much, Much More!

Customer Reviews

Pros: Some of these tricks are truly secret, like the one on how cops catch underage drinkers in a bar. All of the Interview and Interrogation tricks are good and some are very, very good! Even though many, but not all, of these trick may be online, who wants to search all over for them? The book is an easy, fun read. And it cost less than my morning coffee and bagel!Cons: Not all the tricks are œwinnersœ. I already knew some of the computer tricks and to spoof my phone number. Some of these you could probably figure out on your own eventually, but for the price I would rather just learn them here.Overall, totally worth the read!

This book is succinct, fun, insightful, and digests a wealth of experience into a quick read. I looked over the ratings before I bought the book and bought it anyway because it was cheap and I was going on a trip. I am glad I did! I giggled myself silly with the ramifications possible from the insights provided. I have held a PI license and have done some military investigations, but it doesn't take experience to appreciate this book! What an unexpected gem!

Oh, man, if I would've had this 20 years ago...Not just for investigators. This list of tricks will help ANYONE who may ever have to deal with a dishonest person. I think that includes just about everybody. I think this will give you a edge on life.

A "book" is a useless effort with the blatant expectation that buyers will order related works that I expect to be as worthless as this one. I hope Mr Larry Kaye is capable of a better effort.

Pretty sure most of these ideas are illegal...many more are just stupid.

Just basic common sense, no secrets here, save your money

In the sample text that I read it contained an obvious spelling error - "dead white mail ." Here's a tip: Read your own book before you publish it.

A very quick read with a couple of clever ruses buried in a lot of the obvious.
