ISBN-10: 0314275541

ISBN-13: 978-0314275547

Product Dimensions: 10.3 x 7.9 x 1.8 inches

Shipping Weight: 4.1 pounds

Average Customer Review: 3.9 out of 5 stars [See all reviews](#) (13 customer reviews)

Best Sellers Rank: #452,793 in Books (See Top 100 in Books) #107 in [Books > Law > Business > Property](#) #3390 in [Books > Textbooks > Law](#) #112717 in [Books > Reference](#)

Customer Reviews

This is certainly different than other casebooks-- its a more "modern" view which is easier to read and organizes the material great! However, my prof frequently utilizes both common-law and modern trends, and this book is not very descriptive as to the distinction (and the cases are not very good either). I realize that casebooks are not designed to just "give you the rule and tests," but this attempts to do so, and as result, I relied upon these vague explanations to my detriment. Nonetheless, it is a quite different "approach" to casebooks and, for the most part, I concur. I would look into buying a supplement if you're looking for a more detailed version of the rules/tests.

This book lays out the material so simply it's almost an insult to your intelligence. I had a full year of property law. First semester I used the Aspen series (big red book) casebook that contained virtually nothing more than the cases themselves with virtually no explanations. Switching to this book was a night and day difference. This book clearly explains the concepts and even has a few little charts

throughout to help! My advice: consider supplementing this book with the "Understanding Property Law" published by LexisNexis.

I have had to use both books for two semester's worth of property. I love the sprinkling text because it is much more understandable. It provides great explanations of concepts in addition to the case law. Thank you Sprankling! This semester of property will go much better.

I wish I had an option to make another choice and use some other book for my Property class. The most convoluted and not helpful book. Hate this book. Hate it. Had to buy a lot of supporting materials to understand the book. It has never happened to me in my other classes.

This book is refreshing to read among other law school texts. It is concise and clearly written. There are also a lot of examples included and an interesting online, interactive addition for the new versions.

This is BY FAR the best law school textbook available. The cases are perfectly abridged; you have enough information to grasp all of the important concepts without the length being too excessive. All of the pertinent dissents are included as well. It also covers a lot of policy and history, which is nice. It tries to make property fun, and even though some of the jokes and examples are a bit silly, it is a much-needed change from all of the other 1L textbooks. I highly recommend this textbook.

This book was the best book I used in my first year. The material is fast-moving and dense, but the hypotheticals/Q&As at each chapter's conclusion allowed for reflection and perspective. Thought the online material was also very helpful.
