The Magic Of The Mystery Papers

Synopsis

The Magic of The Mystery Papers - A Treatise of the Classic Buddha Papers Magic Trick. One of the most visual, mysterious, simple and universal close up magic tricks in history! Selected cards can be torn and completely restored. Objects can fuse and morph together. Spirits can write answers to questions. Vanished objects can reappear inside. Items can link themselves together. Ribbons can tie themselves into bows. String can be openly cut and then restored. Keys can be bent using the power of the mind. Objects can appear out of nowhere. Things can switch places while being held by a spectator. Blank business cards can be printed. A card only thought of vanishes. A coin vanishes and reappears inside a sugar pack. A selected card appears on a previously viewed photograph. AND MUCH MORE! PLUS How to construct your own Magic Papers. How to prepare them to withstand constant use. How to force a card. How to make money with your papers. Suggestions on other uses for your papers.

Customer Reviews

There appears to be an error in the instructions. At least, I think so, since the trick CANNOT WORK

as written. But, the author refuses to answer any emails on the subject so I guess I'll never know the right way of doing it. Save yourself some money and go to the library in the children's section. Most magic books will have this! I'm not giving it only one star because the writing style is clear and the construction method is correct.

Very thorough coverage of what can be done with a prop that most of us consider to be a beginner's prop. The routine ideas are great, as well as other materials you can use in place of the standard papers. Overall, a very good resource.

An excellent book on the Buddha Papers with plenty of ideas, suggestions to get you going in the right direction. If you always thought (as did I) that the papers had more to offer but had a hard time coming up with where to go, this book is for you.

Plenty of information about the method, fine points, and how to construct the papers. Can play it up into an entertaining piece with a little imagination and showmanship.
