Frugal Video Poker

Synopsis

Frugal Video Poker is the most comprehensive book ever written on practicing, playing, and winning at this popular casino game. Video poker is beatable when you know what pay schedules to look for and how to play when you find them. Whether you want to play for profit or merely make your money last longer in a casino, Frugal Video Poker will take you where you want to go. Beginners are walked through the basics, first learning to distinguish between good and bad paytables, then playing the strategies that maximize the machine's potential. Players who already have some experience will discover crucial bridge concepts that lead to improved results, plus special opportunities such as tournaments, promotions, progressives, and the cutting-edge new games.

Customer Reviews

I bought this book for someone who really likes to play video poker and going to casinos. He had heard about this book and wanted to try some of the items that the author had talked about. He is hoping to go to the casino and apply these techniques. Overall he was very satisfied with the book.

This is an invaluable guide through the maze of Casino Video Poker. A MUST HAVE for any gamblers library.

The main purpose of this book is to get you to buy the training software. It's a shame, could have been a good book.

I gave this book four stars because I have been playing VP irregularly for about 7 years. I have a small bankroll, about \$400.00, and I use to just go through it pretty quickly. The best thing I learned from the book was that you wouldn't go to perform at Carnegie Hall without practicing so don't go to the casino without doing a lot of practicing. I got myself a very good video poker program and play on the computer whenever I feel like it. The second is to slow down and review your decisions. The third is you have to be lucky! However, you can increase your odds by playing a better game.

Love the clear cut comprehensive information this book rendered !
