Customer Reviews

This is an amazing book. It's so entertaining and easy to read you don't even realize how much you're learning. The author asks questions I'd never even thought of, then he answers them so clearly and logically that I had no trouble absorbing the information. I've read a lot of blackjack books and was never really clear on the whys behind some of the recommendations. With this book, now I know what all the others were talking about.

sounded like an interesting book, but the layout and information was really poor. I find his articles informative, but the two books I purchased (luckily at a remainder price) were a waste of time and now in the trash
