Video Poker Secrets: Strategies To Give You The Unfair Advantage In Video Poker

Video Poker Secrets

Strategies to Give You the Unfair Advantage in
Video Poker

Synopsis

Video poker has become a popular gaming choice among casino players who engage in both land based and online casino entertainment. Fast, simple and fun, video poker has much to offer both the novice and advanced player. How so? Well, unlike its fellow slot machines, video poker isn't based totally on luck. There is skill and strategies involved that can help you decrease the house percentage and increase your chances of winning the big jackpot. That being the case, there is plenty of money to be won if you understand the odds linked to each hand, and know how to pick the right machine. Video poker is ideal for anyone who is interested in a challenge, wishes to enjoy solitary game play, and would like to have fun and make some money while they're at it. In Video Poker Secrets, you will learn:- How to Multiply Your Winnings with our Video Poker Strategy Chart - Strategies for the Beginner and Advanced Player- The best games to play- How to select the right video poker machine- How to evaluate payoff schedules- Maximize Your Odds with Coin Multipliers- And Much, Much More! The popularity of video poker continues to grow, and with new variations of the game constantly being developed, more and more land based and online casinos are adding machines/software to their venue. If you're ready to take Video Poker to the next level, order Video Poker Secrets today!

Customer Reviews

What a fantastic guide. I was unable to figure out what I was doing wrong when playing online video poker. I was beginning to think the game was too complex and not for me. Now I am more knowledgeable and skilled on the rules, payouts, bankrolls, and strategies of the game. The guide made a tremendous difference in my results and educated me on how to increase my opportunities to gain the advantage and the probability of winning. I would recommend it to all players new to the game and those who want to perfect their strategy.

This was a major disappointment. Thought it would be better at strategies and money management tactics. This book is for a beginner.
