Customer Reviews

Very strongly recommended reading, Copyright Catechism: Practical Answers To Everyday School Dilemmas by Carol Simpson (Associate Professor in the School of Library and Information Sciences at the University of North Texas) is the an invaluable addition to library systems of elementary and high-schools. Inclusive of helpful and easy-to-use features such as answers to real-world questions other teachers have about daily copyright dilemmas, information about copyright law in an easily followed question-to-answer format, and significant contributions from the Library Media Connection's "Copyright Questions of the Month" by Carol Simpson. Copyright Catechism is an accessible and practical read for all school teachers.

A great book to help librarians and administrators answer the most widely asked copyright questions. While there are some redundancies throughout (due largely to the amount of redundant questions Simpson receives), she provided straight-forward answers in clear language. Useful for myself in coursework involving preservice teachers.
