Lost In Transition: Hong Kong Culture In The Age Of China (SUNY Series In Global Modernity)

Synopsis

Looks at the fate of Hong Kongâ™s unique culture since its reversion to China. In this timely and insightful book, Yiu-Wai Chu takes stock of Hong Kongâ™s culture since its transition to a Special Administrative Region of the Peopleâ™s Republic of China in 1997. Hong Kong had long functioned as the capitalist and democratic stepping stone to China for much of the world. Its highly original popular culture was well known in Chinese communities, and its renowned film industry enjoyed worldwide audiences and far-reaching artistic influence. Chu argues that Hong Kongâ™s culture was âœlost in transitionâ• when it tried to affirm its international visibility and retain the status quo after 1997. In an era when China welcomed outsiders and became the worldâ™s most rapidly developing economy, Hong Kongâ™s special position as a capitalist outpost was no longer a privilege. By drawing on various cultural discourses, such as film, popular music, and politics of everyday life, Chu provides an informative and critical analysis of the impact of Chinaâ™s ascendency on the notion of âœOne Country, Two Cultures.â• Hong Kong can no longer function as a bridge between China and the world, writes Chu, and must now define itself from global, local, and national perspectives.

Book Information

Series: SUNY series in Global Modernity

Paperback: 228 pages

Publisher: State University of New York Press; Reprint edition (January 2, 2014)

Language: English

ISBN-10: 1438446462
