I got an A in this class and only read through maybe 1/2 of my textbook. I did find some holdings/take away from case not correct. Therefore, I recommend using this book as your professor is going through the textbook and making notes within this book on what the professor actually cares about. The facts are correct and can save you a lot of time in preparing to be cold-called.

If you are taking business associations or corporations and using the Klein book, this does a pretty good job of giving you the main point of each case. By the end of the course, I was relying almost exclusively on these briefs.

Awesome little summaries of some very dense cases. Helpful to me as I was cramming for Corporations. I suggest pairing it with Legalines or some similar outline book.

Good but not the best. It still hasn't some important cases. The book has the best structure to describe how works every case.

You get a variety of case summaries, it's an excellent reference resource for paralegal work and study. I am very pleased.
