Customer Reviews

I contacted Mrs. Bragg for another reason (trying to find someone to go on foraging outings with) and she is a most delightful and beautiful person, who I am planning on spending time with if we can ever find the time! This book is so amazing you can't just sit and read it through. I am a fast reader, but this book is different. I started reading it, and I had to put it down and just think about what she wrote. It is a deep, exciting, wonderful book that gives you such vivid scenarios about her past and her family all the way back for two or three generations. I have had so much fun reading it, and I plan on getting all her books, because she is a wonderful writer, so rich in detail and descriptions of her and her family's life. I was born and grew up in West Virginia, and have lived a lot of places, but the hills keep calling me back home, and I love it here so much! This book very accurately gives you a picture of life here.

I'm from the same area of WV, just about the same age, and her books make me sooooooooooooo homesick for the "good old days". I have all she's written and am anxiously waiting for more. It's like taking steps back in time and having a good visit with old friends and old places. I could go on and on about what a wonderful job she does describing our lifestyle and attitudes toward things while growing up in a different generation.....sometimes it seems like it's even a different world. Keep up the good work, Alyce. If you are from the hills of WV this is a MUST READ series that you will pass

on to your children. That's how I got my first book...my mother gave it to me.

Alyce Faye Bragg captures the essence of life in the hills and "hollers" of West Virginia and rural areas around the country. Her writing allows you to slip back to a simpler time and reminds you of what is really important.

Wash, Wasn't too impressed. But very simple reading. I thought it would be more of autobiography

An interesting group of articles telling about the everyday life of a West Virginia lady....
