Synopsis

Plus, it's a wonderful way to read some very lengthy excerpts of all seven of his horse handicapping books currently selling on .com. I'm publishing my findings; applied theories, and disciplined practices, for very selfish reasons. Go to www.thetuttleway.com to see more!

Anybody it seems can publish a book these days. This one is badly written and confused. The author does not support any of his assertions with statistical data and offer a series of banal tips, not a winning method. No decent publisher would even consider printing this half-baked mess of a book, which does not even come remotely close to delivering the promise of the title. A waste of money.

Mr Brown's book repeats itself verbatim several times over. As I was reading the various chapters I thought to myself: "didn't I just read this exact chapter? This happens repeatedly through the book which is divided into two segments. The second segment simply repeats the first. I think the author uses this book to encourage off track betting on his favorite site, and repeatedly offers you to use his personal referral number so that he can receive a bonus for the referral. He also encourages a visit to his handicapping web site. There are some good pointers, but they are never offered in a clear understandable fashion with any detail. About 20% of this book tells of recollected moments in his career of good or bad days wagering. This info did not enlighten me much, and I found it to be just another way of filling the pages. In my humble opinion this book is not worth the time or money. The \$27+ cost of this book is categorically "a bad bet". Sorry Mr. Brown, I gave it a try.

There is nothing new here in the way of handicapping. To add injury to insult the kindle book says that it contains 2257 locations. About 500 of those are original materials and the remaining 1700+ are a carefully wrought replication (i.e. cut and paste) of the RULES AND REGULATIONS OF The United States Trotting Association Rules. Just in case, as the author says, you might want to get involved in the trotting game.
