Customer Reviews

This book is a must read for anyone who ever contemplates the law or being a lawyer. Especially for anyone thinking about attending law school! Sells, along with Thomas Moore, relates the imaginative language of Archetypal Psychology to the mainstream in this insightful discourse.

A timely contribution to the Law. Without soul we are nothing. The pain and loss many lawyers are confronting and the open hostility in the law by consumers has to change. This work is a start of a journey to renew the law's soul. Best Practice may be the bridge between the lawyer and the consumer thereby helping to heal the soul of the law? I would welcome comment on this point.
