Customer Reviews

Very, very, funny. Many jokes I'll repeat to friends.

This is definitely an adult book. There's something to offend just about every reader. Some of them are funny, some are really gross, and a few are repeatable. There are too many typos, a few jokes are incomplete, and too many are duplicated. However, since the author is Anonymous, who's gonna care?

Wow what a fun book to read!....laughter is the spice of life!....and this book does not disappoint....it's been said that laughter therapy helps us all to feel better and what better way to escape my stress?It feels good to forget all the worries and become totally engrossed in funny stories and this author knows how to stack up the laughter subjects well!....I couldn't put the book down because I just kept wondering what joke was next and I read them out aloud to my husband!....we both thought it was hilarious. A very entertaining Read....I recommend this anti stress method right now!

This is a must have book, it is hilarious ,will crack you up and keep you laughing long after you have put book the book away. Laughter is a medicine and this book is fill with good medicine for the soul. Am happy I got this book because when AM feeling down and needs some cheering up this is my go to book for a good laugh to help me forget the stresses of life.

Bad jokes..most have already heardSome are pretty good. Find another book..do your self a favor....really.... very lame....also just plain b ad

Jokes were not that funny, had sexual content and were often repeated several pages further in the book.

Funny, Hilarious and Silly.

Only read if you don't get easily offended. Lots of good jokes that will bring laughter and hours of entertainment to share with friends
