Customer Reviews

I must have missed something because I just didn't get it. Perhaps these jokes are funny for very little children. I found no humor in these jokes at all, and the fact that the punch line was repetitive. It

seemed like every other joke ended the same way. I was able to download this with credits I earned so thankfully I didn't pay for it. I gave it 2 stars instead of 1 because it has potential with a very young audience.

At first I thought, "How could you have Pokemon jokes, specifically for that game?" Well, now I get it. A lot of them are puns. Funny or should I say, Punny. Certainly for the fans of course.

I enjoyed the jokes, they were clever and witty, would have liked more, hence the 4 star instead, but all in all thoroughly enjoyed!

I had a great time reliving my past with this book and laughing at the situations I loved to pretend I was in as a kid. A book well worth looking at if only for nostalgia

I love this book so much my sides are hurting right now today and I'm going to share it with my friends at school, but there's one mistake there should have been more memes just like the jokes in the book.
