Customer Reviews

Had 3 active sons. Each one more active than the one before. Used recipes in here extensively. I found that diet was helpful in helping my sons to attend. The recipes were tasty and I used lots of them in raising my family. I highly recommend the book..

Another great book by Doris J. Rapp! Very informative and helped me to identify the symptoms of allergies and hyperactivity .

Lots of easy learning and useful information. Read as many of this doctor's books - they are well worth it!
