Ultimate Guide To Scrabble & Words With Friends: Stop Losing & Start Winning

Synopsis

Stop losing and start winning immediately with the Ultimate Guide to Scrabble & Words With Friends. Whether you want to be the best Scrabble player in your family over the holidays, dominate people around the world in Words With Friends, or teach children how to spell by having fun, this Ultimate Guide has you covered. We all have busy lives. We can't memorize EVERY word and advanced technique, so I created easy-to-remember shortcuts that anybody can remember, plus strategies to take you to the next level. Proven tips like the "X + Vowel Trick" and "97% Rule for Prefixes" to help you win your games today! Discover how to find opportunities, rack up points, and take control of every game. Challenge your mind, strengthen your vocabulary, and WIN! :) My goal is to help make these tips second nature and guide you to your full potential. Most people I help actually underestimate how much they really know! Looking for 2-letter and 3-letter words? I've not only created lists for both, but memory tricks, including the "Sound of Music" and "Comic Character" shortcuts. Tired of racks with ALL vowels or consonants? I'll teach you how to turn those racks into a positive! I have not only jam-packed this bundle with all-vowel and all-consonant words (100+), but many 4-letter words with 3 vowels that will actually have you WANTING vowels. :) Plus, learn when you should swap or play when your rack is filled with vowels or consonants! Are you often stuck with frustrating letters like J, Q, X & Z? These are the highest scoring letters! Having go-to words with these letters in your back pocket (or this Ultimate Guide!), will make you unstoppable. We have word lists for each of those letters! What about Q words with U? Q without U? I was always taught they had to be together. Nope. We've got that, too! What else will I discover? How you should open and close games When to play defensively How to track your tiles When to play or block Triple Word Score How to extend words What are the best letters to hold onto When should you swap tiles What are the highest scoring words Top-4 prefixes and suffixes to account for 97% of your options Tile tracking sheets History of Scrabble and Words With Friends Enjoy winning!

Each summer, my extended family goes on a trip to Bethany Beach, Delaware, and each summer, I am reminded of my inferior scrabble skills when I am inevitably crushed by my mother & my uncle. After reading this book, and practicing some more on words with friends (using some of the techniques that Dave teaches), I can assure you that this summer, I will be the one doing the crushing. DO YOU HEAR ME MOM? I READ THIS BOOK AND I'M COMING FOR YOU!Also, I will say that this book has helped me immensely when I'm procrastinating on words with friends, and just using his 97% rule for prefixes has already increased my average score significantly, and along with that, my win ratio. Should I probably spend more time working and less time playing scrabble on my phone? Yes. But with this book and my newfound improved skill, I'm not gonna lie, it's hard to stop.If you are a scrabble / words with friends addict like me, and are tired of getting your butt kicked -- get this book. Vengeance shall soon be in your grasp.

There are a number of strategies described in this book for the start and middle games as well as how to be triumphant in closing play. Easy memory techniques to help you remember high-value words and even some cheater tips to get you those winning points. Well written and detailed.

I love playing Scrabble and Words With Friends with my son, his wife and my girlfriends in the neighborhood. I've read so many books but this book I found on WordFind is the best by far! So many good strategy ideas and it is pretty funny.

This book gives you the competitive edge you need if you are big into playing scrabble or words with friends. I personally play words with friends over the classic scrabble and this book showed me some very cool tricks that helped me start winning more often. The part I love most about this book is the fact that it shows you ways to make great words even with what would be considered bad tiles. I would recommend this book if you are looking to make the most fun out of a great game or looking for the tips that will give you the advantage you need to start winning more often.

I've been playing words with friends for several years now and I've never been able to beat one of my friends yet. He wins all the time and he beats me so bad it's embarrassing. That's why I decided to give this book a try. I found the tips and techniques to be effective and easy to memorize. Even though I haven't been able to beat him yet I'm getting better and pretty soon I will. I'm going to keep practicing and implementing what I've learned from this really helpful guide until I beat him.

Thank you for writing this and making it available. I love to play Scrabble, mostly because I love words, and using them to play a game is my kind of fun while exercising my brain. I don't mind losing now and then but I don't like losing by being beaten by someone who knows all the tricks and secret ways to play the game. This book gives me a better chance to play a more competitive game. Thank you again.

I purchased the book for nearly \$20, expecting it to be a good sized book. However, it was a slim paperback book with very little information. And a \$9.00 price on the back. Did I get taken? Hell, yes.

I was always just a decent Scrabble and Words With Friends player who'd win maybe 50% of my games. After reading this book and the word lists they offer on their site, I am nearly unbeatable. Love the quick hacks to remember stuff easily!
