How To Play This Game

These games are designed for parents and other adults to have with kids while playing word games that improve spelling and enrich vocabulary. Each game has words that are easy and more difficult to allow children of different ages to score stars in every game. Everyone will need a piece of paper and pencil to work on the words. Customer Reviews

This is set up with a scrambled word or letter assortment followed by a chart laid out for 3, 4,5,and 6, letter words. Level one words gives you the first letter of the answers (example: letters- E M B A R S answer- A __ , E __) Level two gives you a last letter clue (____ S) and level 3 gives you no clues. 30 word puzzles to solve.We are using this as a springboard for other verbal word games and entertainment

This is a good source of word puzzles but was not what I expected. The answer key did not give all the possible words and gave you no way to score alternate words. These were all word scramble puzzles where you are given certain letters and then you make the required words. Really not what I consider a word search.

I did not realize this book was really to be used as a project to do with children - this is not what I was hoping for --

Didn't like it at all thought this was going to be totally different word games. Than it is

It wasn't a game to use on Kindle. I was very disappointed.

FUN FUN FUN

This did not work at all on my kindle paperwhite. Waste of time.
