Historia Del Uruguay (Spanish Edition)

Historia del Uruguay

Victor Arreguine

Synopsis

This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

Customer Reviews

I was looking for a history book about Uruguay and the description and cover of this one got my attention. There were no reviews, so I took my chances and bought it and I'm glad I did. It turns out that this is a reprint of a 19th century classic. Apparently, the publisher specializes in bringing to life old books and since I am a history buff this suited me perfectly. The book is written in beautiful 19th century Spanish and the style and content reflect the thinking of the period, including some points of view that today would not be considered "politically correct" but that are nonetheless part of history. This is a very thorough and complete history book, rich with details and comments that vividly illustrate the period. My only complaint is that because each page of the original book was photographed and then reproduced, the text is very small and sometimes difficult to read.
