Absolutely love this book. I was able to have open book and notes for my exam and I brought this book into the exam room and I was able to find everything I need. In the back of the book you can look each rule up by its number and it shows you every page it is on. I love the exam tips for each topic towards the end of the book. I would highly recommend this book for a study aid.

I always use crunch time for my exams! The chapters are so helpful and the condensed summaries really bring out the important points. I also like the mix of multiple choice and short answer questions in the back.

Great study guide. It has flow charts that are perfect for figuring out evidence. Especially useful when figuring out hearsay exceptions. I would recommend for law students.

It really helped me practice evidence. Great book for practice problems has multiple choice and short answers.
