Synopsis

NOTE: Item does not include Access code 3 things to know about the focus of Dynamic Business Law, 3e: Emphasis on ETHICAL DECISION-MAKING. In chapter 2, the authors introduce a framework for making ethical business decisions that students can use on a regular basis. Following each case there are questions designed to train students to apply this approach. Then repeatedly throughout the chapters, questions about business ethics are raised in the text. This framework is designed to help improve the learning process of students and to give a sense of relevancy to the ethical decision making process. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law as well as to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to further tie in this component. Emphasis on the BUSINESS in business law. Dynamic Business Law emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Students need to understand how the concepts they learn in this course tie into their business careers. Instructors can easily show that the study of business law is best seen as a foundational component of the larger study of business administration.

Customer Reviews

I dislike the price on the textbook, I am glad I was able to rent it. But, after reading this book, I realized why it is so expensive. It has a lot of useful information for the everyday civilian, even if they are not interested in becoming an attorney. It tells you your rights, from signing contracts to

understanding torts v.s. criminal crimes, etc. This book really opened my mind, I learned to be careful with what I do or say.

I rent this book for my wife. Every semester is new addition. If you are looking to rent this know, that assesses code is another 70\$. To pass the class you will need that code. Good luck.

The terms for the rental of this e-book are not good for a regular semester. I started my rental two weeks after my semester started because the book I had purchased was the wrong edition, but the rental expired a full month before my class was over. Attempting the remainder of my class without it has proven detrimental.

Someone highlighted a bunch of things the textbook and its fine, but more importantly some of the chapters are different from the other version of the book even though they're both the third edition.

Great read, has actual cases in the reading, so you get that real world feeling as you read

Awesome. Seller was quick to ship and honest about condition. Great quality!

Well written textbook. I love it especially that i got an A for the class.

Book was in great condition and contained everything that I needed.
