More Random Walks In Science

Synopsis

More Random Walks in Science is an anthology of fascinating and frequently amusing anecdotes, quotations, illustrations, articles, and reviews that reflect the more lighthearted aspects of the scientific world and the less serious excursions of the scientific mind. The book is guaranteed to delight anyone who has a professional or amateur interest in science.

Customer Reviews

This book is a wonderful sequel to "A Random Walk in Science." This book definitely stresses the humorous more than the previous one.

this book is a used one, but in very good shape. It is of great value with is price.

An old classic.
