Source Selection Step By Step

Synopsis

The path to successful source selection begins with *Source Selection Step by Step: A Working Guide for Every Member of the Acquisition Team*. Whether you are new to the acquisition team or an experienced practitioner looking to sharpen your skills, this comprehensive, highly readable handbook will guide you through the entire acquisition process, from designing an effective source selection plan, to preparing the solicitation, evaluating proposals, establishing a competitive range, and documenting the source selection decision. With clarity and frankness, Charles Solloway presents government source selection in a step-by-step guide that offers readers quick access to needed information. In addition to guidance about the process, the book includes:

- Techniques to streamline the process and reduce time and expense
- Ways to avoid common pitfalls
- Alternatives to common procedures that yield better results
- Methods to involve contractors more effectively
- Definitions of the key terms associated with government source selection.

Make this book your first stop for quick and easy guidance on all aspects of government source selection.

Contents

- Part I: The Foundations of Source Selection

- Part X: Ethics
- Appendices: Examples of Rating Methodologies, Sample Sections L and M from a Solicitation, Definitions

About the Author

Charles D. Solloway, Jr., CPCM, has more than 40 years of acquisition experience in the government and private sector. As a civilian employee of the U.S. Army, he held positions as buyer, contract specialist, contract negotiator, procurement analyst, contracting officer, director of contracting, and principal assistant responsible for contracting. Solloway twice received the U.S. Army's highest civilian award, The Decoration for Exceptional Civilian Service, for innovations in contracting. A Certified Professional Contracts Manager (CPCM) and a Fellow of the National Contract Management Association (NCMA), Solloway serves on the NCMA Special Topic Committee on Contract Management Education.

Customer Reviews

The information provided in this book is at a very fundamental level and does not get into the kind of details that a book of this type should address. Much of the info in this text are simply re-worded restatements from the FAR. If you are looking for a 100 level university text on source selection, then this is a may be something that you may want to get. If you are looking for a more detailed version/advanced version at a more in-depth level, then I can't recommend this book.
